**Brakes [Front]** No front brake

**Brakes [Rear]** Sprotor

**Painter** Pat Lesiak

**Chroming / Plating**

### Additional Info

Frame is built from 3.5" stainless tubing that was bent to desired shape and cut into 3 pieces that bolt together with flanges at the gas tank, and oil tank is part of the frame. Custom exhaust. Very interesting handlebars and grips, kick stand, foot pegs and shifter. One-off seat that folds away. One crazy looking single side front end. Twisted stainless hexagon to finish off all ends and openings. Etc.....
